Applicant

ECOLUTION.AG INC.

Respondent

AFFIDAVIT OF GUS VASILAKIS

(sworn / affirmed October 28, 2026)

I, **GUS VASILAKIS**, of the City of Kitchener, in the Province of Ontario, **MAKE OATH AND SAY** (or **AFFIRM**):

A. Who I am

1. I am a co-founder, a director and a shareholder of the Respondent, Ecolution.AG Inc. ("Ecolution"). I was Ecolution's Chief Executive Officer until April 2, 2025. I have personal knowledge of the matters in this affidavit, except where I say that I rely on information from another person. In those cases, I name the source and I believe the information to be true.

2. The Corporations Canada profile attached as Exhibit 1 to the Affidavit of Steve Livshin sworn October 6, 2026 (Application Record pp. 20–22) lists me as a director of Ecolution and as an individual with significant control who holds at least 25% and up to 50% of its shares.

3. I am also a creditor of Ecolution. In late July 2026, my employment lawyer, Natalie Miller of Unified LLP, sent Ecolution's board a written demand for about $180,000 for unpaid wages and related amounts. The amounts claimed include approximately $65,500 in base wages for about 11 months of work, from August 30, 2024 to June 30, 2025. They also include overtime worked during the sales season, when I regularly worked 10

to 12 hours a day, five days a week; unreimbursed expenses; commissions on the sales described in paragraph 13; and other amounts set out in that demand.

B. How I learned of this Application

4. I was not personally served with the Notice of Application or the Application Record. On the evening of Friday October 16, 2026, Dr. Alan O'Connor, a shareholder of Ecolution, told me that he had just received the Application by email.

5. The service list in the Application Record names me only "Attention" Ecolution, at the corporate email address gus@ecolution.ag, and spells my surname "Vasiliakis". In or about November/December 2025, I tried to log in to that account and my password was no longer valid. I did not change the password, and I did not authorize anyone else to change it. I have not had access to that account since. I did not receive the Application at that address or by mail. My home address appears in the Applicant's own evidence, and Mr. Livshin and Dennis Reich have my personal phone number and email address.

6. The Application Record does not contain an affidavit of service. The draft Appointment Order leaves blank the name of the person who served the Application and the date of service (Application Record p. 108).

7. Since October 16, 2026, I have rearranged my schedule to prepare for this hearing. I have contacted legal counsel, spoken with shareholders Dr. Alan O'Connor and Zvonimir Tomas, attended the U-Need Storage facility, and gathered the documents attached to this affidavit. I am bringing this motion as quickly as I reasonably could.

C. My unpaid compensation

8. On April 2, 2025, the board asked me to step down as CEO and take a sales-focused role. On April 6, 2025, I sent Mr. Livshin, the new interim CEO, a summary of my unpaid wages, overtime and expenses. I did not receive a response. A copy of my email is attached as **Exhibit "A"** (item A-1). Exhibit "A" also contains the other emails and messages referred to in paragraphs 9 to 11 and 14.

9. Between April 10 and April 15, 2025, I repeatedly asked Mr. Livshin for written sales-agent and sales-management contracts for myself and for the sales agents I had recruited in Canada, the United States and Mexico. I sent him contract templates prepared for Ecolution. No contract was provided (items A-2 to A-6).

10. In April 2025, Mr. Livshin wrote to me by text message that the company was "already working on an agreement tailored specifically for you" and was "not extending contracts to anyone else" at that time (item A-9). I never received that agreement.

11. On June 2, 2025, Mr. Livshin emailed me, copying Albert Santosh and Dennis Reich, asking that sales data be updated "so that we can start paying you commission on your

sales" (item A-10). I proposed a commission structure based 100% on performance, with no salary. It was not implemented, and I have not been paid any commission.

12. The agenda for the board meeting of June 19, 2025 included, as item 2, "Settlement Unpaid for work from August 30th 2024 to June 2025". A copy of the meeting invitation and revised agenda is attached as **Exhibit "B"**. The meeting was held by Zoom on Mr. Livshin's account, with the entire board present, and it was recorded. At that meeting, Mr. Reich said that shares issued to me in 2021 should count toward my unpaid work in 2024 and 2025. I did not agree, and that was the first time this position had been put to me. I do not have a copy of the recording. I believe it is held on Mr. Livshin's Zoom account.

13. Between January and June 2025, I made about 38 paid sales deliveries to 37 customers in Ontario and the United States, about 1,530 litres of GrowMas in total. I delivered the product myself. The sales are recorded in Ecolution's Xero accounting records and its BMO bank statements, and totalled at least $50,000. I also ran more than 15 product demonstrations on farms in Canada and the United States, and several in Mexico. I was also arranging demonstrations on coffee farms in El Salvador and Honduras for the coffee season beginning in July 2025. I engaged with more than 200 farmers and trained sales agents in Canada, the United States and Mexico. I have not been paid for that work.

14. After June 2025, Mr. Livshin stopped responding to my emails about the promised sales-agent contract, contracts for the sales agents I had recruited, and investors who had expressed interest in Ecolution. For example, I received no reply to my email of July 18, 2025, sent to Mr. Livshin, Mr. Reich and Mr. Santosh, which introduced a team of prospective investors and proposed a 4% finder's commission if the investment closed (Exhibit "A", item A-11). Without a contract or any pay, the only way I could continue was to work for free. I could not do that, and my family was put under serious financial stress as a result.

15. My lawyer's demand of late July 2026 also asked the board for updates on sales. To my knowledge, no one replied. On August 10, 2026, about two weeks later, the Applicant's lawyers sent Ecolution the demand and notice of intention to enforce security that led to this Application (Application Record, Exhibit 7). Despite my lawyer's demand, the Applicant's evidence, sworn on October 6, 2026 by Mr. Livshin as Ecolution's interim CEO, states that the amount owed to unsecured creditors is "not currently known" (Livshin Affidavit, para. 28). It does not mention my claim.

16. In May and June 2026, two investors in Ecolution, Dr. Alan O'Connor and Zvonimir Tomas, asked the board for the return of their investment and for updates on sales. They have told me this directly, and I believe it to be true. To my knowledge, the board did not respond before this Application was brought.

D. Property not described in the Applicant's evidence

17. Mr. Livshin's affidavit says that Ecolution's assets "primarily consist of existing inventory" of GrowMas and its intellectual property, and that Ecolution has inventory in Panama (paras. 10–11). From my own knowledge, the following property should also be before the Court.

18. **1615 Highland Road West, Kitchener.** On June 19, 2025, Mr. Livshin emailed me, copying every other director, that equipment, inventory and supplies would be moved from storage and that "the items will be going into a bonded secured warehouse." The landlord, Cesar Hau, has confirmed in writing that Ecolution rented about 500 square feet there from September 1, 2024 to September 5, 2025. He also confirmed that a moving company hired by Ecolution removed the contents on September 5, 2025, with a director present. I have never been told where that warehouse is, and I have not seen any lease or proof of insurance for it. The email, the landlord's letter and photographs are attached as **Exhibit "C"**.

19. **U-Need Storage, 2093 Highway 6, Freelton, Ontario N0B 2J0.** Ecolution stored finished GrowMas product and raw materials in containers at this facility. On October 16, 2026, I spoke with the facility manager, whom I know as Roy, who told me that members of Ecolution's board had visited recently. I attended the same day. The containers were locked, but when opened they were in disarray. Finished inventory that I estimate at about $130,000, and ingredients that I estimate could produce about $200,000 of finished product, were no longer there. I do not know who removed them or where they are now. Photographs I took that day are attached as **Exhibit "D"**. The containers remain at the facility and I am prepared to show them to the Receiver or to police.

20. **Mexico.** In or about December 2024, GrowMas inventory was delivered to a storage facility at Santa Rosa, near Texcoco, Mexico. I estimate its retail value at about US$200,000. In addition, between 2022 and 2024, inventory worth about $50,000 was delivered to Jonathan Derek Bohne, a director, and his team in Mexico. I have the DHL shipping receipts for these shipments. To my knowledge, that inventory has not been accounted for, and it is not mentioned in the Applicant's evidence. Photographs of the December 2024 delivery to Santa Rosa are attached as **Exhibit "E"**.

21. **Regulatory registrations.** Ecolution holds product registrations that took years to obtain and that I believe have significant value. They include Canadian Food Inspection Agency registration No. 2024777S under the Fertilizers Act, valid until June 21, 2029, which took about 800 days to obtain, and registrations in Panama, Honduras (to June 26, 2034) and El Salvador. Ecolution, and its U.S. affiliate Ecolution.ag USA LLC, have also held 30 state registrations in the United States, including in Colorado, New Mexico, Nebraska and Utah. The copies I have show expiry dates in late 2024 and early 2025. I believe that the U.S. registrations have since been renewed, but I do not have copies of the current

certificates. Their current status can be confirmed with each state's department of agriculture. Copies are attached as **Exhibit "F"**. These registrations will lapse if they are not maintained.

22. My value estimates are based on Ecolution's selling prices. In Canada, GrowMas is currently priced at $45 per litre. Because 2025 was our first selling season, some sales were made at introductory prices of about $35 to $37 per litre. Each container holds 20 litres ($900), and a pallet holds 48 containers (about $43,200). In Latin America, it sells for about US$35 to US$40 per litre. I applied these prices to the quantities I know were stored at each location.

E. My concerns about independence

23. Mr. Livshin is a director of the Applicant and is also the interim CEO of Ecolution (Livshin Affidavit, paras. 1–2). He states that he has resigned as a director of Ecolution, but the Corporations Canada profile attached to his affidavit still lists him as a director. Dennis Reich, a director and the chair of Ecolution's board, is an owner of the Applicant. When Mr. Reich and Mr. Livshin invested in Ecolution, they both told me that they owned RapidScreen. Mr. Reich is listed at 886 Woodlawn Road, Sudbury, which is also the address given for the Applicant in its PPSA registration (Application Record pp. 21 and 96). As a result, two of Ecolution's six directors are connected to the Applicant, and one of them is also running Ecolution as interim CEO.

24. I did not receive notice of any board meeting at which Ecolution's response to the demand of August 10, 2026, or to this Application, was considered. For these reasons, I am concerned that Ecolution's position on this Application does not reflect independent decision-making by its board.

F. What I am asking for

25. I do not ask the Court to disregard the Applicant's rights as a secured creditor. I ask for a fair opportunity to be heard. I ask for a short adjournment so that I can retain counsel and file complete evidence. In the alternative, if a receiver is appointed, I ask that the Order direct the receiver to locate, secure and report on the property described above, and that it preserves my claims.

26. Nothing in this affidavit, and nothing in my participation in this proceeding, is a waiver of any of my rights or claims. These include my claims for unpaid wages, commissions and expenses, my rights as a shareholder, and any claims I may have against Ecolution's current or former directors and officers personally. I reserve all of those rights.

27. In the interest of full disclosure, I hold less than one opened 20-litre container of Ecolution's GrowMas, left over from product I held for sales and demonstrations. Some of that container has been used, including in my own garden and by acquaintances. I will

return what remains to the receiver and account for the product used. I agree that the value of the product used may be deducted from my claim against Ecolution.

28. I will co-operate fully with any receiver appointed by this Court.

29. I make this affidavit in support of my motion and for no improper purpose.

Dear Steve,

Since our last meeting (when I was asked to step down from CEO position/to assume Chief of Strategy/ Sales Officer), I have been waiting for an employment contract from you. This needs to be addressed ASAP.

I require: my clearly defined role and job description within the organization, sales commission compensation/timing of such, my budget for sales trips/events/expenses and security that my sales recruit reps work solely under my management. Any leads/sales to date need to be included in my compensation package as well.

Sales team under my management to date:

Michael Spurgeon (Canada),
Shelly Chapin (Canada),
Sidney Wideman (Canada),
Nelson Gerber (Canada)
Kenen Shedd (Canada)

Michael Assayag (USA),
Ian James Wilson (USA)

Noemi Ornelas Escamilla (Mexico),
Cesar Augusto Hau Conrado (Mexico)
Maximiliano Fernandez Hau (Mexico)
Gabriel Cruz Cervantes (Mexico)
Gabriel Santos Sales (Mexico)
Tonio Lorenzo (Mexico)

Nicolas Lying Benitez (Chile),

Cesar Augusto Hau Conrado (Mexico)
Maximiliano Fernandez Hau (Mexico)
Gabriel Cruz Cervantes (Mexico)
Gabriel Santos Sales (Mexico)
Tonio Lorenzo (Mexico)

Nicolas Lying Benitez (Chile),

Furthermore, I look forward to concluding my CEO role with complete compensation of unpaid overtime and basic salary from 2022 to 2025 and compensation of expenses paid Nov 2024 to April 2025. I'd be happy to provide you with details. I'm currently working 9am to 5pm Monday to Friday on sales and spending a few hours in the evening on sales calls/emails and meeting with team members in USA and or Mexico.

I'd also like to request that you check in with all BOD members and remind them to be transparent and discuss matters professionally on open forms. Members of the BOD need to be reminded that we all are working towards the same goal and members of the BOD should not unprofessionally speak ill of one another to clients or sales recruits, or the general public.

Thanks for your timely attention to these matters,

Mexico Sales Trip April 25th - Funding * Urgent

From: Gus Vasilakis <gus@ecolution.ag>

To: Steve Livshin

Hi Steve,

The Mexico sales trip is approaching I have clients who want to meet with me and my sales agents, I need to be there for April 25th - 30th / May 1st.

Is there funding?, Yes or NO

We have 200K of product that needs to be sold, we have interested buyers, I need support from the company.

Dennis broke his promise of paying me back last Monday April 14th $1300 USD, please e-transfer amount in CAD gus@ecoloution.ag

Needs:

1) Commission agreement finalized
2) How do I get compensated for work outside of sales? Do I use a Canadian company and charge as contractor?

Hi Gus,

I'd like to schedule a sales alignment meeting with you and Dennis this week—there's quite a bit we need to sync up on. Can you confirm your availability by end of day? I'm flexible on timing.

We need a clear picture on current activity and status across Mexico, Panama, El Salvador, Canada, and the U.S.—including any updates on your team, challenges you're facing, and any overlap we may be seeing with other efforts.

Also, please ensure all relevant sales data is updated in the CRM ahead of the meeting so that we can start paying you commission on your sales. It's important that we're working from the same set of facts, especially with you in the sales leadership role.

Looking forward to aligning and moving forward clearly.

Cheers,

Steve

Hey Guys,

A potential investor located in Toronto, have seen several of the videos, pictures and positive results of GrowMas while Michael and I were visiting farms from January to June 2025.

He would like to schedule a meet and great with the entire BOD at his office in Toronto, for those who can not attend a zoom/team link should be available. The leader of the group is a former CFO of a large alcohol brand and CEO of a top 10 cannabis producer. His team has experience working with start ups from idea phase all the way to the manufacturing phase and beyond.

Michael and I would like to confirm if the investment is completed a 4% finders commission of the total investment will be paid to us within 10 business days, (2% each). (The investor is aware of the fee.)

Please confirm by replying by email, his assistant will be in touch to book a convenient time slot soon after.

Good evening Gus,

The movers are available this Saturday, Sunday, Monday or Tuesday to move the assets.

The cost is going up after the 25th with the movers, and we are not looking to pay for another month of the product in storage too.

As discussed, please have Caesar provide us the final bill for storage. It should align with what we were charged previously.

The items will be going into a bonded secured warehouse.

If there are any changes to the inventory since the last count please inform us as such with totals.

Regards,

Steve

From: Stephanie Robinet <srobinet1111@gmail.com>

To: GKV

To whom it may concern,

Ecolution.ag Inc. rented space from me starting on September 1st, 2024 until September 5th, 2025 at 1615 Highland Road, West in Kitchener, Ontario. They stored product and equipment in approximately 500 square feet of space. The space had access to a large roll up door that was used for a product delivery in January of 2025 and some of the board of directors were present for that delivery pick up.

I have proof of payment of $6000 to me for the rent for the year that was paid by etransfer on September 3rd, 2025 by 2516769 ONTARIO INC. and the etransfer message that was sent said "ecolution Ag Storage Fees Paid"

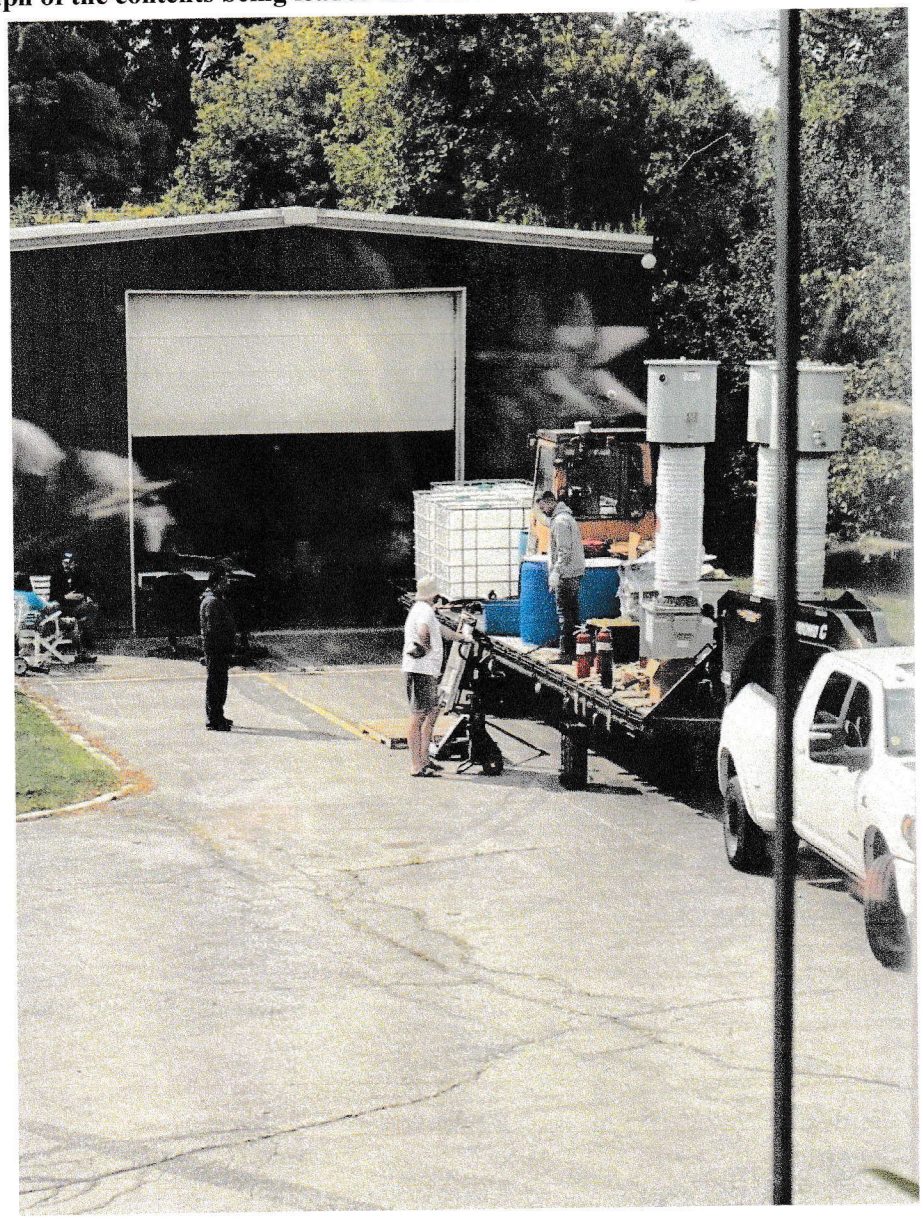

I have photographs of the product and equipment that was stored as well as photos of one of the board of directors that was present with the moving company that was hired by Ecolution.ag Inc. to pick up and move these contents on September 5th, 2025.

Regards,
Cesar Hau
